

AS-360

TruAudio continues to push outdoor audio with the new omnidirectional, AS-360. The AcoustiScape landscape series now features four different models, completely scalable to create the perfect outdoor system, no matter the size. Natural bronze UV weatherproof housing provides environmental endurance and protection from outdoor elements, while blending seamlessly into its surroundings. Designed to be used year-round in a wide variety of applications, including hotels, theme parks, restaurants, entertainment venues and residential spaces. Flexible installation options allow for hard surface mounting or in the ground. No need to reposition this speaker, since it provides 360 degrees of evenly distributed audio and engineered with an impressive (3) 1" silk soft dome tweeters that create crystal-clear highs. Uniquely structured down-firing 6.5" full-range driver prevents dust or condensation collection, while delivering dynamic deep sound.

AS-360
