

B23 Home Theater Towers

B23 Home Theater Towers

The B23 Towers and Center Channel are born of the same engineering rigor as our flagship Bad Boy speakers. They are constructed with the same quality material, drivers and tweeters as our current B23 in-wall speaker line. The center channel includes (2) 6.5" carbon fiber woofers and (1) 1" titanium diaphragm swivel tweeter. Designed with performance in mind, the center channel can be used throughout an entire home theater, or for just the center channel.

The B23 Towers feature the same unique three-way design as their in-wall equivalent. Each tower boasts (1) 1" titanium diaphragm swivel tweeter, (1) 6.5" carbon fiber mid-range driver and (3) 6.5" carbon fiber mid-bass drivers. Designed to produce a smoother frequency response, improved stereo imaging, and reduce tonal variations that can be caused by room acoustics.

B23-465TOWER
Speaker Type: Tower
Woofers: (4) 6.5" coated single piece carbon fiber
Midrange: (1) 6.5" coated single piece carbon fiber
Tweeter: 1" titanium diaphragm swivel
Power: 350 watts
Impedance: 8 ohms
Freq Response: 39 - 20k Hz (+/-3 dB)
Sensitivity: 92 dB
Grill Type: Cloth MDF
Finish Dims: 45" (1143mm) H, 8.5" (215mm) W, 11" (279mm) D

Family:  GRAND CANYON

B23-265CC
Speaker Type: Center channel
Woofers: Dual 6.5" coated single piece carbon fiber
Tweeter: 1" titanium diaphragm swivel
Power: 220 watts
Impedance: 8 ohms
Freq Response: 45 - 20k Hz (+/-3 dB)
Sensitivity: 91 dB
Grill Type: Cloth MDF
Finish Dims: 22" (558mm) H, 8.5" (215mm) W, 11" (279mm) D
